

BRAND MANUAL DESIGN GUIDELINES

INTRODUCTION TO THIS MANUAL

This manual is a reference for staff and members who need to understand the philosophy of, necessity for and process of Brand Management comprising two parts:

01: BRAND MANAGEMENT

An overview of key brand components.

02: BRAND VISUAL IDENTITY

A guide on reproduction of brand visual elements.
A common, universal discipline for managing our brand.

01 | BRAND MANAGEMENT

01.1 THE IMPORTANCE OF BRAND MANAGEMENT	p.4
01.2 BUSINESS GROUP MODEL	p.5
01.3 BRAND ARCHITECTURE: HYBRID MODEL	p.6
01.4 BRAND RATIONALE	p.7-8
01.5 BRAND STORY	p.9
01.6 BRAND VISION & MISSION	p.10
01.7 BRAND VALUES	p.11
01.8 BRAND PROMISE	p.12

THE IMPORTANCE OF BRAND MANAGEMENT

The Brand Management Process is a set of guide to execute a Brand Strategy.

As we grow and expand into a Group with different divisions, we need to develop and manage our brand's image and communication to help us achieve the following:

- ✓ Create brand awareness to position SHINGDA Group as a leader in the industry
- ✓ Stand out from Competitors
- ✓ Achieve Clarity in our service portfolio
- ✓ Increase market share
- ✓ Boost employee pride and satisfaction
- ✓ Win Recognition and Awards
- ✓ Improve stakeholder awareness and relationships

BUSINESS GROUP MODEL

BRAND ARCHITECTURE: HYBRID MODEL

BRAND RATIONALE

HISTORY

“S” logomark is shaped like a pipe, with depth and moving upward representing our deep knowledge and forward thinking. It also represents our company name SHINGDA 昇達 which means rise and achieve.

FONT

Helvetica is one of the most popular typefaces in the world. Practical and robust, it represents inclusiveness and stability.

COLOUR

Sunshine Yellow is the color of optimism, radiance, positivity, energy, clarity, enlightenment, intellect, loyalty, and joy.

It is an attention getting color, and when used in combination with a dark colour creates one of the easiest color combinations to read and see from long distances.

STRONG & HUMBLE

A balanced placement of the bold & symbolic rising “S” on a firmly rooted square background.

This signifies strength and growth in a humble and respectful manner.

BRAND RATIONALE

FONT

COLOUR

Sunshine Yellow is the color of optimism, radiance, positivity, energy, clarity, enlightenment, intellect, loyalty, and joy.

Combined with the Burgundy Red, which symbolizes richness and maturity, it creates one of the easiest color combinations to read and see from long distances.

STRONG & HUMBLE

Synonymous with the SHINGDA logo, the company name is firmly centered around an extended foundation within SHINGDA core values and vision.

BRAND STORY

Singapore, with no natural resources or abundant water supply overcame all odds to achieve a sustainable water supply and today enjoys a global reputation as an innovative water leader.

We are proud to have played a role in supporting the design, construction and modification of Potable Water, NEWater, Industrial Water, Raw Water, Sewer and Gas pipelines providing utilities infrastructure support to the Singapore Water story.

The SHINGDA Group embraces the pioneering spirit of persistence and resilience, embodied in the journey of our country's water success story.

BRAND VISION

To build on our legacy in utilities infrastructure engineering and grow to create a successful SHINGDA Group of Companies.

BRAND MISSION

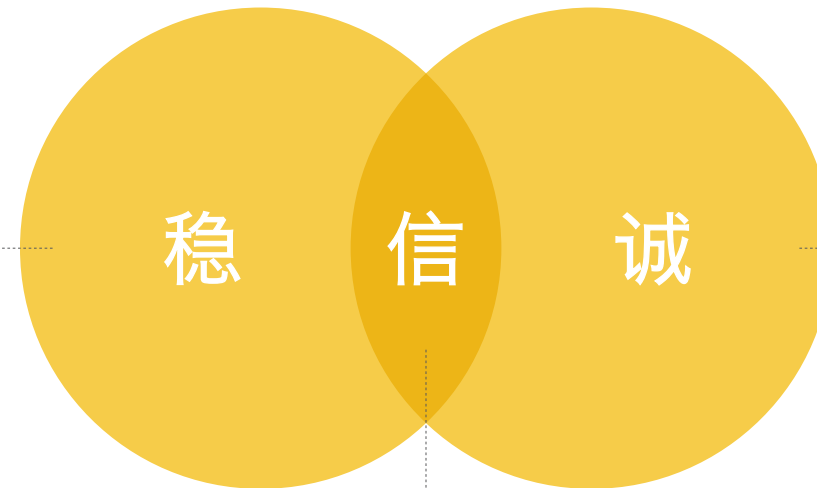

- Increase Brand Reputation
- Increase local market share and establish presence overseas
- Increase revenue from growing SBUs
- Strengthen internal capabilities to attract and retain talents

BRAND VALUES

SHINGDA group and people embrace these values that have been the core values of our founder and pioneer team.

RELIABILITY

To be reliable in the way we conduct ourselves and our business – focusing on the needs of the customers, not ours.

SINCERITY

Through our progress and growth, we will remain sincere, down to earth and not rest on our achievements.

TRUST

A Trust culture means teamwork, communication and growing together – like a family.
SHINGDA was created out of trust by our founder and a core team, a culture we will build upon.

BRAND PROMISE

As part of our long-term strategy to deliver sustainability, we are committed to our people, planet and profit.

**The SHINGDA Brand
Promise is to promote and
invest in people and skills
development, be responsible
to safety and quality, and
be committed to growth.**

--------------------	------

BRAND LOGO

MAIN LOGO

The main logo consists of a logomark, and a logotype. The logomark and logotype must always appear together and must not appear individually.

The logo should always appear against a white/very light-coloured

background whenever possible as long as sufficient contrast is provided.

Always ensure that the corporate identity has prominence by placing it in an area that is simple and uncluttered.

BRAND LOGO

SUBDIVISION LOGOS

Each subdivision logo consists of a logomark, a logotype and a descriptor. All three components must always appear together and not individually.

The logo should always appear against a white/very light-coloured

background whenever possible as long as sufficient contrast is provided.

Always ensure that the corporate identity has prominence by placing it in an area that is simple and uncluttered.

BRAND LOGO

GROUP OF COMPANIES

The brand logo with the 'GROUP OF COMPANIES' descriptor should only be used when other subdivision companies are listed together.

This logo must always appear larger than other subdivision listings and placed either at the top or on the left, depending on the available space.

BRAND LOGO

GREYSCALE VARIANTS

Greyscale logo variants can be used when there is restricted black & white applications of the brand logo.

When K-values are assigned to the logomark and logotype, please adhere to the K-values stated on this page:

For brand clarity and prominence, always ensure that sufficient contrast is provided between greyscale logo variations and the background it is placed on.

Box = 80%K
Logotype = 0%K

Logomark & Chinese seal = 80%K
Logotype & Descriptor = 100%K

LOGO USAGE

MINIMUM CLEAR SPACE & MINIMUM SIZE

To ensure prominence and legibility, the brand logo should always be surrounded by a clear space. The minimum clearance space is illustrated here using grey dotted lines. The clearance space is derived from the height of letter 'H' and 'E' in the respective logotypes.

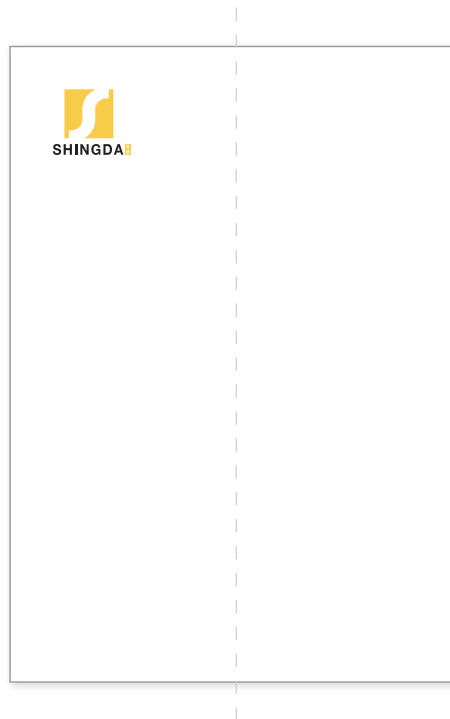

To ensure visibility and clarity of the brand logo, always ensure that the corporate identity is never smaller than the minimum sizes shown below.

LOGO USAGE

PLACEMENT

Whenever possible, the brand logo should always be placed at the top left corner of the medium, as shown in the examples on this page.

Vertical orientation

Horizontal orientation

LOGO USAGE

DON'TS

DO NOT adjust the placement, spacing and state of the brand logo.

DO NOT crop the brand logo.

DO NOT change, adjust or alter the brand logotype.

DO NOT scale the brand logo disproportionately.

DO NOT change the colours of the brand logo apart from the variants approved in this guide.

DO NOT place the brand logo on a background that does not provide sufficient contrast.

DO NOT add a stroke around the brand logo.

DO NOT place the brand logo on a cluttered background.

DO NOT apply effects or patterns on the brand logo.

DO NOT place the brand logo at an angle that is neither parallel nor perpendicular to the format of the medium.

TYPOGRAPHY

CORPORATE TYPEFACE

The primary typeface is the 'Helvetica Neue' font family. This typeface is available in a range of weights and styles.

This sans serif font can be used freely, in a wide variety of weights, across both web and print materials.

Helvetica Neue Bold

**ABCDEFGHIJKLMN
OPQRSTUVWXYZ**

**abcdefghijklmn
opqrstuvwxyz**

1234567890

The bold weight is used for display and heading text, or where emphasis is required.

This typeface is to be used on all hardcopy and softcopy letters, presentations, and other correspondences.

Helvetica Neue Regular

ABCDEFGHIJKLMN
OPQRSTUVWXYZ

abcdefghijklmn
opqrstuvwxyz

1234567890

The regular weight is used for body text, i.e. in longer paragraphs.

TYPOGRAPHY

SYSTEM TYPEFACE

The 'Arial' font family is to be used on the following two occasions:

1) When an application used does not have the 'Helvetica Neue' font family

2) When editable files are sent to external parties who are not able to install the 'Helvetica Neue' font family.

This system typeface was chosen as it has a neutral sans serif typeface available on all platforms.

Arial Bold

ABCDEFGHIJKLMN
OPQRSTUVWXYZ

abcdefghijklmn
opqrstuvwxyz

1234567890

The bold weight is used for display and heading text, or where emphasis is required.

Arial Regular

ABCDEFGHIJKLMN
OPQRSTUVWXYZ

abcdefghijklmn
opqrstuvwxyz

1234567890

The regular weight is used for body text, i.e. in longer paragraphs.

TYPOGRAPHY

CHINESE TYPEFACE

When information is communicated in Chinese, the copy should be displayed in the 'Noto Sans CJK SC' font family. This typeface is available in a range of weights and styles.

Noto Sans CJK SC Bold

昇達工程私人有限公司

1234567890

The bold weight is used for display and heading text, or where emphasis is required.

This Chinese font can be used freely, in a wide variety of weights, across both web and print materials.

This typeface is to be used on all hardcopy and softcopy letters, presentations, and other correspondences.

Noto Sans CJK SC Regular

昇達工程私人有限公司

1234567890

The regular weight is used for body text, i.e. in longer paragraphs.
